

Freshmen Preparatory Class

This mini-course was developed to help freshmen become oriented to high school, as well as reinforce some of the educational skills they may need during their first year. The course looks at areas that would help students feel comfortable and confident as they enter high school. This is an excellent opportunity for students to learn about the building, curriculum, study skills, and high school activities. **The class is being offered August 1.**

Topics covered are:

Part A: Introduction to Boylan Catholic

Students will:

- Become familiar with the physical layout of the building
- Develop meaningful long-term, intermediate and short-term goals.
- Learn what a G.P.A. is and how it affects them
- Students will hear from various people who work at Boylan.

Part B: Expectation of a Titan

Students will:

- Exploring Boylan's website and programs
- Students will be given scenarios about situations they may have to deal with in high school and brainstorm effective ways to work through these difficulties.
- Students will learn about extra-curricular activities
