

CoreCourseGPA.com – NCAA Eligibility Tool

The Guidance Department advises students who are looking to meet **NCAA** eligibility requirements for college level athletics to create an account at corecoursegpa.com. This account will help you to evaluate your eligibility status. You will be able to enter the courses you have completed as well as the grades and credits earned. You can view and print your unofficial transcript at parchment.com to help you complete the information at corecoursegpa.com. Using our login information, you will only be able to choose Boylan courses that are NCAA approved. Once you have entered your course information, it will generate a report for you. It will tell you your core course GPA, how many core credits you have earned, how many you still need to earn, and what sum ACT score you need based on your current core course GPA (NCAA uses a sliding scale).

Follow these steps to create a free account for Boylan students:

1. Go to CoreCourseGPA.com
2. Click “Free New Member Account”
3. Enter School ID: 143697
4. Enter School Code: 767610699
5. Click “Continue”
6. Fill in the appropriate fields in the Create New Student Account Form
7. Click “Submit”
8. Enter Core Courses and Semester Grades
9. Print a report for your records
10. Update your account at the completion of each semester
